THE JEW WHO RUNS THE RIGHT

A Jew, Kivie Kaplan, leads the niggers in the NAACP, while other Jews like the Rosenwalds, the Sterns and the Lehmans provide the gold to promote Communist race-mixing in America.

A Jew, Milton Rosen, leads the most dangerous and violent communist group in America, "Progressive Labor".

A Jewess, Bettina Aptheker, leads our college intellectuals and leftist revolutionaries.

A Jewess, Dorothy Schiff, publishes the leftist "New York Post", while her fellow Jews publish most of the other "liberal" papers such as the "New York Times" (Sulzburger), Washington Post (Meyers), and so on ad nauseum.

If its LEFT, --you will find one of God's Chosen leading it and financing it, sometimes with a "shabbez-Goy" out front, but always with the Jews holding the purse strings and providing the sparks of life for leftist revolution, race-mixing and perversion.

You would think that with this undeniable record of leading the ATTACK on America, Jews would have a tough time getting themselves accepted as OUR leaders, too. You would think that the right-wing would at least be suspicious of Jews, let alone accept them as leaders.

In fact, the Protocols, (and Lenin) have openly said that the way to emasculate and smash the opposition is to LEAD it yourself, --lead it to perdition and frustration.

And is not the whole right wing in perdition and frustrated as few such large movements in history have ever been frustrated?

Knowing the brilliance of the Jewish and Communist conspiracy, can anyone believe that these master-plotters would fail to install some of their best men and women over on OUR side?

It was a little difficult to SEE all this about Barry Goldfink, in spite of his sponsorship of more integration legislation than any other senator, his sell-out of Taft for Ike, his backing of "terrible 1313", and his origination of the Alaska Mental Health concentration camp laws.

Maybe Goldfink WAS on the level, in spite of all the evidence that he was a monstrous Jewish fraud. But if he was really trying to get elected as America's first Jewish president, can you think of any stupider things to do than go to Appalachia and preach cutting off welfare, go to St. Petersburg and preach cutting down care for the aged, go to Tennessee and preach cutting out cheap electricty to poor farmers? --or, when the people were up in arms about nigger crime in the streets and the Goy Republicans had made an excellent movie on the subject for national television, can you think of a better way to insure not getting votes than by censoring this film, as Goldfink did, so that it was never shown?

In spite of the fact that it was downright FUNNY for millions and millions of White Christian Americans to be working so desperately hard to elect a Jew president of the United States, it was impossible to PROVE, in black and white, that Goldfink was the Judas Goat I feel sure he was, ---and still is.

But the case is different with the man behind Goldwater, --and behind Buckley, behind Young Americans for Freedom, behind the Committee to keep Red China out of the UN and a dozen other "fronts" operated from 79 Madison Avenue, New York City.

I have often before exposed this man, the Jew, Marvin Liebman, in ROCKWELL REPORTS. But I have never before felt that his machinations were deadly enough for the "full treatment". Until now, Goldfink himself was the biggest Judas goat leading our patriotic movement from one frustration to another. But Liebman is once again pumping the right-wing for all it is worth and pouring the money, -and the soul, -of our people, down the Jew drain, and I have had enough of seeing our perishing people led down the sewer by this Jewish "ex"-communist.

Liebman's latest is the "Friends of Rhodesian Independence", and, like all his other "committees" and fronts, it is raking in the influential

names, --and the CASH, --MILLIONS of dollars. He is getting free advertising from dozens of good and sincere patriots and their papers. So long as this Yiddish faker can be made to appear to be "doing something" to help our White brothers in Rhodesia, nothing REAL can be done to help them. It is a vile and sickening fraud which angers me more than any such Jew con-games in the recent past.

Before I present my case against Mr. Liebman, let me dissect one of his earlier "committees" which is still doing a land-office business sabotaging America, even while the best Americans are still pouring out their souls and their substance to help this Kike crud.

Liebman set up the "Committee to Keep Red China out of The United Nations" at his patriotic money-mill, 79 Madison Avenue, NYC. Like all Liebman fronts, this one was beautifully calculated to grab right-wingers and patriots in a sensitive spot, with a consequent rich haul in cash. It did and it continues to do so.

But few or none of the patriotic victims of this Hebrew swindle have ever examined the letterhead of Liebman's "Committee". There they would have found the names of such sterling "conservatives" as Sen.Paul Douglas, Rep. Fino, Rep. Halpern, Senator Jacob Javits, Hubert Humphrey and dozens of other rabid LEFTISTS.

WHY? How come?

Why would LEFTISTS want to keep the Red Chinese out of their beloved, red and nigger U. N. ?

The answer is that on the day Red China getsINTOthe United Nations, there is an excellent chance that the USA will get OUT. Public opinion has taken a lot from the U. N., but these leftists cunningly calculate that Red China IN would mean the USA OUT.

Meanwhile, Mr. Liebman gathers up literally millions of dollars, holds mass rallies in Madison Square Garden, etc, and keeps good, patriotic Americans all busy as beavers fighting to keep Red China out of the U. N. SO THAT THE USA WILL STAY IN THIS FILTHY MESS.

When it became obvi ous that tens of thousands of patriotic young Americans at our colleges were fed up with the rabid beatniks and leftist traitors rampaging on college campuses, Mr. Liebman got some assistant Jews, (Shuchman) to organize "Young Americans for Freedom" and once again he rounded up all the opposition and set them to harmless sputtering in carefully controlled, PRO-JEWISH patriotic meetings. As usual, the Goy herd of rich and influential patriots could hardly wait to pour in their names and cash upon this wonderful Jew, Liebman. When I speak on college campuses, some of the most violent and vociferous opposition comes from the poor, Liebman-dominated YAF'ers who wave the stupidest and most pitiful picket signs imaginable at me and shout that I am a "red", etc. (Incidentally, I have also had some of my most heartening successes with these poor kids in Liebman's "YAF". They have basically good instincts, and my speech always astounds them. Often, they gather with me later and it is only a matter of an hour or two to make them disgusted with the way Liebman and the finks running YAF have swindled them.)

Back in February, 1962, in the ninth issue of the ROCKWELL REPORT, I started a long series of exposes of Liebman and his money-mill at 79 Madison Avenue. I exposed the fact that, although Liebman was supposed to have nothing to do with YAF, Liebamn's postage meter number appeared on YAF mail, and YAF MAIL WAS OPENED AND SIGNED FOR BY LIEBMAN'S OFFICE! THAT INCLUDED CASH!

As soon as this expose was out, Liebman hurriedly shifted operations to cover up. But I have continued to follow his nefarious operations and expose them to college students at every opportunity. Especially have I been able to make progress with college students in YAF when I reveal Liebman's atrocious COMMUNIST background. Finally, when the facts could no longer be hidden, YAF ADMITTED THEM.

Here are the facts, admitted by YAF in its own publication, "The New Guard", for May, 1966. You read them and then judge whether Mr. Liebman could POSSIBLY be the right man to lead the kids in YAF, the patriots in the Red China Committee, the White Men in the Rhodesia Committee and all the other fronts he uses to pump the right wing dry and keep it frustrated and miserable.

Marvin Liebman was recruited by a Jew civics teacher (!) in his native Brooklyn into the American Student's Union, notorious as the way-out front for young Communists. Within months, Liebman rose into the disciplined ranks of the Communist Party itself, openly joining the Young Communist League. YAF admits that "few even of New York City youth were as active in the Party as young Marvin".

Liebman himself confesses that, in typical Jew fashion, he didn't like the open, "rough stuff" like picketing, preferring to become what he calls a "manipulator" of others!! (As he is now doing.)

Jew Liebman, "Marv", -did all the right Jew things: matriculated at New York University, took an apartment in "the Village", wrote violent left wing propaganda and affected all the "literary" pretensions of the dirty beatnik reds, niggers and general scum.

Drafted into the Army, YAF admits that Liebman discovered a "clever" system to avoid KP and any other details he didn't like. In typical Jewish style, Marvin simply "broke his glasses", allowing the Goyim boobs to do all the work. When this no longer worked, Jew Marvin managed to get a "cut finger". (No kidding! YAF actually ADMITS all this in print!)

This sharpie Communist Jew also managed to FLUNK BASIC TRAINING!

In spite of ducking all KP by either breaking his glasses or malingering with a hangnail, the Jew was able to fast-talk his way into writing the KP manual for the Goyim to work harder!

Finally, Marvin managed to get himself discharged from the hated Army, -----for SUNSTROKE!

The courageous Jew, fresh from "battle" in the Army, scurried back into the communist sewer pipe and became editor of "The Spotlight" for "American Youth for Democracy". YAF says, at this point, "Liebman flourished under Communist discipline and was proud to be a Communist functionary". No broken glasses or hangnails here for this Hebe.

Liebman became a satelite of Communist leader Earl Browder and his Jewish wife. When Browder fell from grace, Marvin found himself out in the cold with the straight Commie gang, and, like most Jews, became a follower of the top Jew Communist of all time (outside of Marx, himself) Trotsky, (Bronstein).

As a Trotskyite, Liebman signed on with the Israeli terrorist gang, the IRGUN, and helped in the murder of British young men. Then he tried to join the Greek communists, but was discouraged by lack of funds, and decided there was a way to be a communist AND wealthy and comfortable.

Marv went to work as a FUND-RAISER for the United Jewish Appeal. These professional Jew money gatherers sent him to a school on how to make a "pitch", how to design a tear'-jerking campaign to rake in the shekels, how to beat the bucks out of the faithful by veiled pressure and how to gather NAMES and INFLUENCE.

Once he saw these professional Jew money changers operating, Marvin knew he had discovered his life's work. But he was still so red, so passionately left, that he felt impelled to put his talents to work for his Jew communist "cause". He raised money for Henry Wallace's campaign for president. He campaigned for the rabid leftist Rudolph Halley for New York City Council. Finally he wound up working for the man who set him on course for what he is doing now, a rabid leftist named Harold Oram. Oram put Liebman in charge of smuggling Chinamen out of Red China, (and, it must be presumed, INTO our U.S.A.). Liebman raised huge sums doing it and learned the techniques of squeezing money and BIG NAMES out of his causes with which to get MORE money.

In 1953, when patriots were worried about a sell-out to Red China, Oram and Liebman saw their golden opportunity to:

1. Rake in the millions.
2. Mislead the anti-communists
3. Prevent the anti-communists from effective action
4. Keep real anti-communists broke.
5. Discredit real anti-communists, and,
6. Hide the real FACTS about Communism.

They formed their Committee of One Million Against the Admission of Red China to the United Nations. They herded in Herbert Hoover, Charles Edison, Walter Judd and many other real patriots. But mostly they gathered in the MONEY! HOW it rolled in!

After that one, it was easy. Using the techniques learned in the Communist Party and at the United Jew Appeal school on fund-raising, Liebman set up one outfit after the other to rake in the millions from gullible patriots who never stopped to consider how odd it was that with the left wing led almost 100% by Jews, only a rabid Jew zionist-terrorist "ex"-communist seems to be available to "lead" our side in opposing all these Jews!

Now let's take a look at Liebman's latest, his committee to aid Rhodesia.

At the head of it he has placed none other than "Taylor Caldwell".

Taylor Caldwell is supposed to be a great novelist, and also a great "rightist".

I used to wonder how a strong anti-communist can get her books sold so fiercely all over the world in every Jew book store.

Then I learned something. Miss "Caldwell" wrote me a vile letter after she read one of my Rockwell Reports about the "Berlin Crisis", in which I exposed the printed material by the Jews in which they predicted, before World War II, exactly how they would divide Germany, as it has been divided, and how they would eventually EXTERMINATE the Germans as a people, by mass sterilization. (See ROCKWELL REPORT No. 1, October, 1961).

Miss "Caldwell's" letter was a staggering document. It was STUPID and UNINFORMED beyond my possibility of belief.

She wrote pages of foolishness of which I will give one example: In order to discredit my claim that Jews have something to do with communism, she rages that the two most anti-communist papers in New York are the News and the Mirror, (this was in 1961) and that they are owned by JEWS! On the other hand, says this "great" writer, the most left wing paper in New York, the "Times" is 98 per cent CHRISTIAN. (!!!!) (The times is owned by the Sulzburgers and the Ochs, --Jews, - while the News is owned by the Christian Pattersons, for new readers).

To top off her hysterical display of ignorance, and "prove" communism is not Jewish, she writes that notorious Sidney Hook of Columbia University, is ---"deeply conservative"!!!

Here's a direct quote from this crazy female: "The majority of Jews. . are deeply conservative". (!) She adds that millions and millions of Jews were murdered by "Russian Communists"!!!

She ends her letter with the word, "Sh-t!". A real "lady"!

I was simply flabbergasted by this dose of madness and utter stupidity. I could NOT understand it, no matter how I tried.

Finally, I dug into the lady's background a bit and began to learn that there is a REASON for her "insanity", --and a reason for her great "success" as a "writer".

She AIN'T really "Taylor Caldwell", she is really "Mrs. Marcus Reback" and is married to MR. Reback, a Jew!

More; Miss "Caldwell" was born to a Mrs. Anna MARKS, or possibly "Marx", as shown in her own autobiography in "Who's Who", which I reproduce photographically.

Her daughter married a Jew by the name of Gerald Fried. Another daughter married a Jew named Goodman.

NOW do you see WHY "Miss Caldwell" had such a fit when I printed the evidence of Jewish involvement in communism and the plan to exterminate the German people? And WHY she can peddle her books by the millions in Jew bookshops all over the world even while she is a top Birch Society functionary and author? And WHY such an ignorant, filthy-mouthed and stupid woman can be hailed far and wide as a brilliant authoress, just as Jewess Barbara Streissand is worshipped in every Jewish paper and magazine as the world's greatest singer, etc etc?

While "Taylor Caldwell" is one of the big wheels of the John Birch Society, she is ALSO listed as a "contributing editor" of the magazine which attacked Goldwater as a psychopath, the great "conservative" magazine, "FACT", published by Ralph Ginsburg, recently sentenced to prison for his utterly filthy "Eros". "FACT" is about as far LEFT as you can get, and this Jewess, "Taylor Caldwell" (Mrs. Reback) gets away with posing as a great "conservative" even while she helps Mr. Ginsburg smear her supposed conservative "friends"!

Miss Caldwell, (ne; Marks or Marx, and now Mrs. Reback) has been made the head of the Friends of Rhodesia, under Marvin Liebman. With such a nice brace of Jew "friends", Rhodesia doesn't need any enemies.

What can we DO about this insanity of time and again allowing these JEWS to lead us in one frustrating defeat after the other? How long can this suicidal madness go on without detstroying us? How long will the responsible, (and wealthy) right-wingers continue to chase after these Hebrew pied pipers, while leaving their own real fighters not only to starve, but to suffer the agonies of being attacked as "agents provocateur" by the very people who are so eagerly FOLLOWING the real JEWISH agents provocateur?

The answer is that we can put a stop to this dirty Jewish business any time enough of our kind of people decide to DO it. All you have to do is aggressively call the hands of these "conservative" sheep. They never cease talking about the "facts" and the "truth". Well MAKE them aware of the actual facts about Marvin Liebman and his Jewish ilk, who are BEHIND Buckley, Goldwater, YAF, Welch and the rest of the Kosher Conservatives. Liebman's record is more than enough to turn the stomach of any genuine patriot, and far more than enough to prove that it is pure insanity to continue to allow these "ex"-communist JEWS to lead the right wing, even while the enemy camps are also led almost entirely by Jews.

Taylor Caldwell

Go after all the good folks who have been sucked into Liebman's "Rhodesia" Committee and MAKE them study the FACTS about both Liebman and his stooge, "Miss Caldwell". They don't have to join us, -but you can make it too hot for them to continue to pour money and support into this Jew trap.

Ask real patriotic papers to quit running these ads for the Jews, thus funnelling huge sums out of our side and over to the enemy.

Do what you can to get patriotic papers to print the FACTS we have provided here on Mr. Liebman and "Miss Caldwell".

Go to Birch and other patriotic meetings and TELL THE TRUTH!

The YAF paper itself admits that Liebman "loves the dark, and dodges all publicity". No wonder!! Well let's GIVE him some nice, strong limelight! Let's let America's patriots see just what kind of Jew "ex"-communist they are supplying with millions of dollars and their good names!

Here's something YOU can DO, right now, which will punhh a huge hole in enemy lines.

Order as many copies of this REPORT as you can and get them out to key people.

Then sit back and watch a Jew rat scurry for his filthy hole when the LIGHT hits him.

The Goods on a Liar!

Here is an opportunity to nail to the cross one of these eternal liars about the Party and my person--Frank A. Capell, publisher of the "Herald of Freedom".

This man is a shameless liar and convicted perjurer.

Here is a document from the hand of Mr. Capell which has finally come into my possession which gives us a golden opportunity to finish off this consciousless liar and commercialized exploiter of patriotism once and for all. A man named "A. J. Wills" wrote Mr. Capell on February 5, 1964 asking Mr. Capell to supply any documentation that I and/or the American Nazi Party are "Communists" or in any way connected with Communism.

Herewith I reproduce Mr. Capell's reply in his own handwriting.——→

Observe carefully that all through this memorandum Mr. Capell is interested more than anything else in MONEY. In the very first sentence he points out that the copy of the booklet he encloses costs $1.00. The second sentence advertises a subscription to his magazine for $6.00.

And in the single paragraph which is Capell's diabolical answer to a request for any possible documentation on my alleged "Communist" record, you will note that Mr. Capell demands $250 to supply such documentation.

Obviously, Mr. Capell does not expect anyone to come up with such a sum just to satisfy his curiosity about my alleged record.

Nor can we afford to pay him any such sum to "call his hand".

However, I am printing a photostatic copy of his handwritten letter, signed by his name, so that if any of our readers, subscribers or supporters cares to take Mr. Capell up on his eternal claims to have documentation that I am some sor

If Mr. Capell fails to supply the documentation, we can turn the case over to the postal department for prosecution as mail fraud and Mr. Capell will go away for a long, long time.

On the other hand, if he supplies "documentation", we will at last have whatever it is these liars claim to support their contention and I can take Mr. Capell to the federal court for libel and put him out of business once and for all, along with all the rest of the liars who keep putting out this vicious and fratricidal libel.

Remember, if anyone wishes to take Capell up on this, do not send any money to me, but send $ 250 to Mr. Capell along with the clipping of this article or a copy thereof and ask for the full documentation on Rockwell as offered in his memorandum of 2/14/64.

I herewith predict that Mr. Capell will run like the rat which he is, and will give a million reasons but will come up with no documents--and will return the $ 250. And this, by itself, will be OUR documentation.

His lies and perjury have already gotten him burned once. And even though he must be stupid to write such a memorandum as this in his own handwriting, I don't think he will be stupid enough to do it again.

California Coed Who Kicked Nazi To Get Trophy

A pretty University of California coed's recent pointed demonstration of patriotism will be rewarded next week by a trophy from grateful Nebraskans.

Back in March, the coed, Miss Lynda Koolish, was arrested and charged with assault and battery after she planted the toe of her shoe in the derriere of a Nazi demonstrator as he carried a sign proclaiming "Hitler was Right."

The story of her arrest and subsequent 30-day probation, carried on news wires May 13, spurred simultaneous editorials by William O. Dobler, editor of The Lincoln Star, and Roger Thomas, news director of Lincoln radio station KLMS

"Supposedly, the law is right but we wonder if the girl shouldn't be given a medal rather than a suspended jail sentence," Dobler's editorial said.

The KLMS editorial suggested that a collection be taken and the proceeds used to buy a trophy for Miss Koolish.

Quick Response

Within minutes after the broadcast, Mrs. Arthur Gakel and her son, Ted Vosta, both of Lincoln, showed up at the radio station. Each had a dollar bill in hand.

From there, the fund snowballed. A radio station in Lompoc, Calif., put the story on the air. Donations came not only from Nebraska, but also from Fresno and Oakland, Calif.

"Many of the contributions were the dimes and quarters of youngsters, Scotch-taped to their letters," Thomas said.

News of Miss Koolish's action also brought responses from Nebraska Gov. Frank Morrison and Lancaster County Sheriff Merle Karnopp.

"Your action has made the nation think," the governor said in his letter.

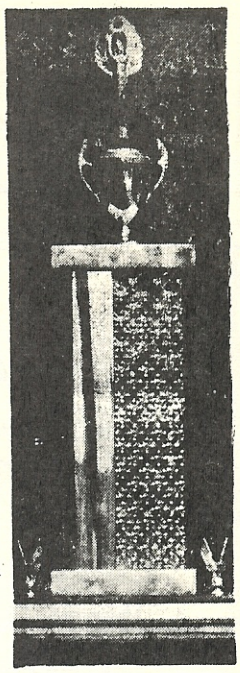
An 'Exception'

Karnopp said in his letter that he could not condone illegal activity of any kind, "and the assault by one person upon another is illegal. However, in this case, I'm going to make an exception . . .," he said.

It was pointed out that the trophy is being given to Miss Koolish "because she was not afraid to wear her patriotism on her shoulder, not because she kicked a man."

The trophy is an imposing piece of wood, metal and marble.

These words are engraved in a plate at the base of the trophy: "Presented to Lynda Koolish for her outstanding public service in taking direct action against those who would destroy the American way of life."



STORY AT LEFT
TROPHY . . . for coed.

in the mouth became a big hero to the Jews and got a big job with Jew columnist, Walter Winchell as his reward.

The week before, a top Communist spoke at San Diego State, but Jew Cherry did NOT sock the communist speaker.

Most recently in Berkeley, California, Lt. Vincent was leading an anti-communist demonstration at the University of California, there, when a Jew girl named Koolish came up and kicked him. She aimed for a vital spot, but Lt. Vincent turned and it wound up as a kick in the pants.

For this "heroic" deed, Miss Koolish has been elevated to near-sainthood, with all kinds of offers, collections and even a TROPHY! (See the photographic reproduction of article from the "Lincoln Star", Lincoln, Nebraska.)

Previous to kicking the Nazi anti-communist, Miss Koolish managed to contain her "patriotism" while open communists paraded around at the same University advocating a Viet Cong, communst victory, over American fighting men. She did not kick the Viet Cong lovers.

When the dirty-word brigade paraded around Berkeley, Jew Koolish did not kick any of the paraders with signs covered with the filthiest four-letter words.

When they took up collections and even blood at Berkeley to help the Viet Cong kill more young Americans, Miss Koolish did no kicking.

When they hold their naked, drug parties and orgies at U. of California, Miss Koolish is able to contain her outrage and does no kicking.

Aside from the obvious contradiction in the conduct of these Jews, who preach tolerance and law and order, but reserve to themselves the right to decide WHO they will tolerate and WHICH LAWS they will obey, there is the matter of sheriffs and governors who praise law breakers for violence in the streets, and then wonder why we have riots.

The worst case of this Jewish hero worship of law-breakers was the jew cab-driver in London who attacked Mrs. Colin Jordan and ripped off of her neck a tiny gold chain with a swastika lavalier. The Jews got together and raised a huge fund for the "brave" Hebe, and he went off to Israel where he was greeted as a "great man"!

Elizabeth Dilling

Sometimes the workings of Destiny are downright startling!

Down through the years, Elizabeth Dilling has unmercifully blasted me as a communist and an agent for the Jews. I have never lied about her nor responded to her vicious attacks. But I have written her dozens of appeals to live up to the high Christian ideals she professed by cutting out the

lies and cursing of a man willing to fight and die for all she fought for. She never replied, except to insist all over the world that I was STILL a Jew agent and a red. She did everything humanly possible to make life impossible for me. And she sure DID cost us a lot of misery. Everywhere I go, I have to start from far behind scratch with good patriots who have been convinced by Elizabeth Dilling that I am a Jew agent. This has cost us not only tremendous amounts of support, but helps to send brave young men to jail when Mrs. Dilling and the others like her convince officials that we are "enemies".

I have considered suing her a hundred times, but could never bring myself to fight a gallant lady who has actually done so much for our side, no matter how ungallant she has been to me personally.

Many of my friends have made urgent pilgrimages to Mrs. Dilling, trying desperately to get her to stop the suicidal and vicious attacks on me. Every one of these people have asked her for any documentary proof she was supposed to have against me. Never could she show anything, but always she kept insisting and swearing that I positively was a communist-Jew agent.

Most recently, a good lady from Florida approached Mrs. Dilling asking for any available "proof" against me and trying to bring peace to our side. Mrs. Dilling became more and more angry when the lady pressed to SEE the supposed "proof". Finally, she dissolved in tears and told my friend that she, Elizabeth Dilling, swore on the name of Christ that I AM a Pharisee agent of the Jews. "May I be struck dead!" she cried, "if I am swearing falsely!"

Four days later Elizabeth Dilling WAS struck with what turned out to be a fatal attack.

But even more bizarre was the final twist of fate!

I have never in my life before been in Lincoln, Nebraska. But last week I was returning from the West Coast in our camper, and had to stop in Minneapolis, Kansas, where the camper was built, to get some material to repair it. The next destination on my list after Kansas was Chicago. And the route from Kansas to Chicago led directly through Lincoln, Nebraska.

Driving through Lincoln I felt a most strange and urgent emotion, which I took to be caused by the fact that the name was the same as my own, -Lincoln. Nevertheless, the surge of feeling inside me seemed too strong for any such reason.

When I reached Chicago, I learned from our people at HQ there, for the first time. that Elizabeth Dilling was dead.

But it was not until I reached Arlington yesterday and read a clipping on Dilling's death from the New York Times.

And that is where I learned that at the very moment when I was driving through Lincoln, Nebraska, Elizabeth Dilling was dying in the hospital there.

End of the Road

Here's a picture of what happens when White Men fall for the "equality" garbage. It's not long before the black men take over and reverse the natural order of things.

The Mau Mau cannibals who were only recently performing hideous and depraved rites on the bodies of White women in Kenya have now become the "government" in that land, and, God forbid, they have our White women now as NURSES for the little niggers!

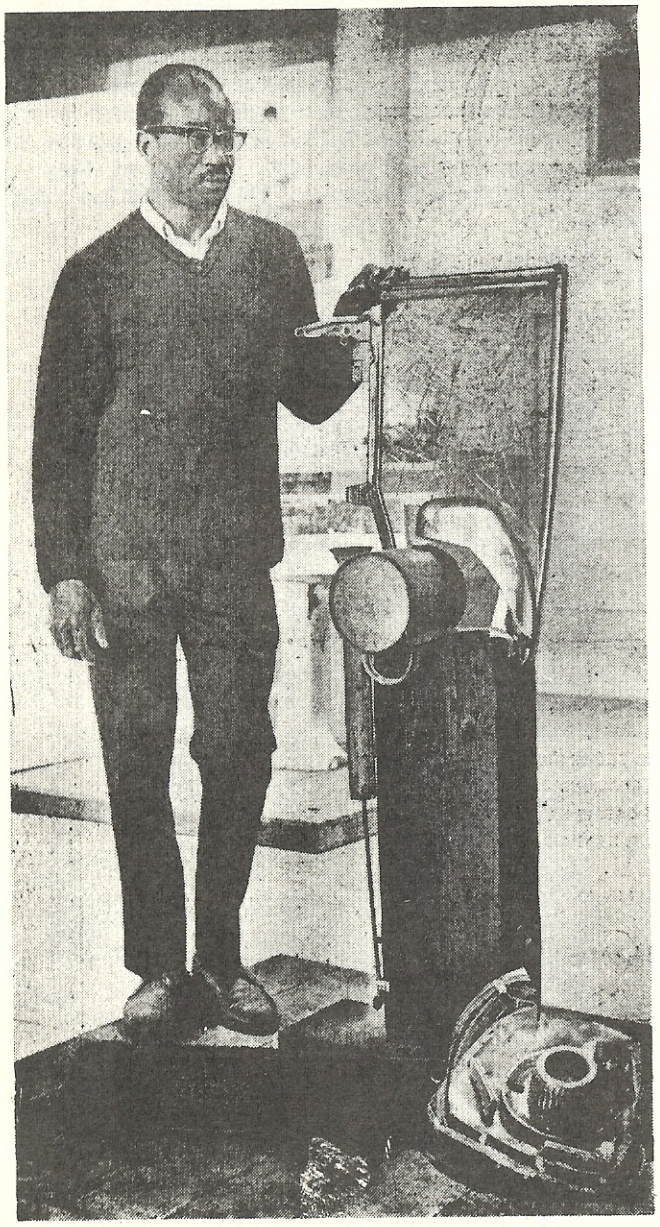
White nurse spells prestige

AMONG better-off Africans in Kenya it is a new mark of social prestige to have your children brought up by a British nanny, especially if she is a trained nurse. Many are recruited through advertisements in British newspapers. This picture was taken in Nairobi.

Proud Nigger

In an effort to calm the restless natives in the Watts section of Los Angeles so they will quit trying to kill White folks every so often, the liberals have developed a new "art" form called "pop". Like so many other things in our modern age, it is designed to permit equality above all. ANYbody can be an "artist", and the liberals gather up the messes duly produced by the ape-like "equals" and hold "art-shows" for them.

Here's a picture of some of the new "equal"-type "art" produced by a colored brother.



OUT OF THE RUBBLE — Artist Noah Purifoy with broken window and other items that he formed into an assemblage for art show in Watts.

The "artist" stands proudly beside his "sculpture" consisting of a broken auto window, a chamber pot, a broken washing-machine, some charred wood and a rag.

About the only thing nice you can say about this modern insanity is that by posing the "artist" next to his masterpiece, even a chamberpot can be made to look pretty good.

Guess What?

This is a "modern" young "man" in the once all-conquering nation of England.

Now if we could only get the niggers and Jews to grow their hair over their faces like this!

● *Allan Wheatley's locks are 14 inches long: "And I'm going to stick to every inch," he said, when barber Neville Horn gave him an estimate for cutting it.*
TWELVE BOB!

Neville works to rule— haircuts by the inch!

IT stands in pride of place on the shelf above the chair — the most important piece of equipment in barber Neville Horn's salon. It's a ruler.

For Neville really does believe in working to rule.

And those long-haired gents who tire of their flowing locks are in for a

shock when they walk into his Sunderland salon.

Neville's first, fast move is whip out that ruler, measure up their hair and give the potential customer an estimate. And if he does not like the price, he can go elsewhere.

"I'm sick of these people wandering in and expecting me to get rid of a year's hair for what I charge a chap who visits me every other week," he growled.

"It's about time that the rest of the barbers got together and followed my lead.

"A normal haircut takes anything up to 15 minutes. But when one of the weirdies comes in it can take me nearly an hour."

It looks like hard days ahead for the long-haired brigade. But easier for us conservative chaps.

Neville's prices start at 2s. 9d. for the man whose hair is mostly a memory of things that used to be. The next step is three-bob for the average gent.

After that—the ruler.

Neville, 29 years old and 15 years a barber, charges the long-hair brigade 3d. an inch over what he considers normal length hair.

The chap in our picture is 19-year-old Allan Wheatley. His hair is 14 inches long.

And Neville's price for cutting his hair would be about 12 bob.

That is even higher than his 3d. an inch rate. But says Neville, the job would take him nearly an hour.

But Allan, who claims to have the longest hair of any chap in Sunderland, has no intention of visiting Neville.

He says: "I like my hair like this. So do the girls. I wouldn't go near this barber—or any other barber."

How Crazy Can You Get?

Here's a photograph of one of the results of the madness of "integration".

The graduating class in Santa Barbara, California, put on a play about King Arthur and his Round Table.

Sir Lancelot is a nigger!

VOWING to make mincemeat of Lancelot, whose goodness makes him an outstanding square at King Arthur's round table in the musical, "Camelot," are, from left, Sagramore (Randall Stewart), Dinadan (Mark Fisher) and Lionel (Larry McGinnis), who vie to do the bidding of Queen Guenevere (Cathy Dougher). The Santa Barbara High musical repeating tonight at 8, is becoming the talk of the town for its sparkle and polish. —Tim Putz photo

OUT OF THE WILD WEST TOWN OF DODGE CITY COMES A TALE OF KOSHER HEROISM...

GUN SCHMUCK

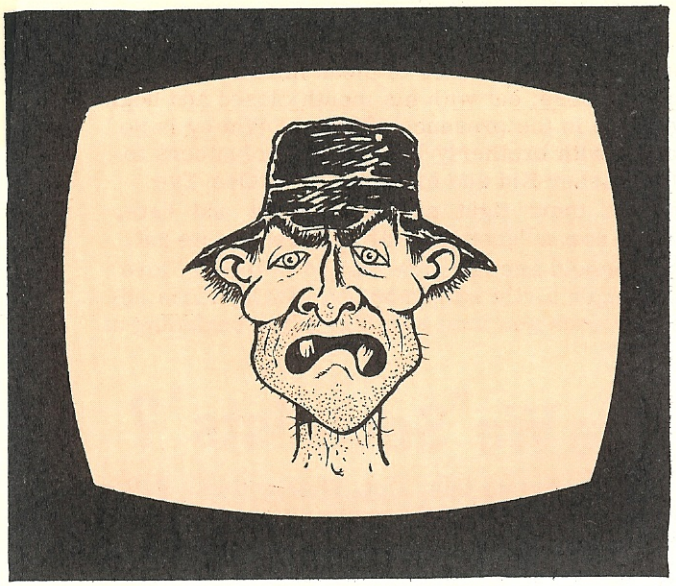
-PATLER

Whatever became of the old wild west? Nowadays, whenever you tune in to watch a western, you are downright lucky if you see any real shootin' or simple old fashioned western-type action where bad guys get wipped out with a belly full of hot lead; where men are men and not faggots; where an argument is settled with a knuckle sandwich and the plot is uncomplicated, direct and to the point.

Today, our TV westerns reek with propaganda designed to turn you into a nigger-loving peace creep. The old wild west has been given a new twist and interpretation to conform to the brotherhood kick. To get our point across a little better, we herewith present a script of a typical modern-day "wild west" TV show....

Our story takes place in Dodge City, an early frontier town. Dodge City has a typical western type appearance. There is a saloon, horses, cowboys, etc., -everything necessary to give you the feeling you are out there in the old wild west. From all appearances, you figure the shooting will begin any second. Instead, you are confronted with an ugly and disgusting character named "Whitey". Whitey is the "bad guy" in this story (he wears a black hat). Whitey hates colored people. Since Negroes are extremely rare in the wild West, Whitey vents his hatred on peace-loving, underprivileged Indians.

Whitey is from Selma, Alabama. He is unshaven, prejudiced and full of bigotry and hate. Whitey speaks with a deep Southern accent so that the audience can make no mistake associating "hate" with the American South. Whitey is also a firm believer and advocate of white supremacy. But, the manner in which Whitey is portrayed, quickly disgusts the viewing audience with this "example" of the great and superior



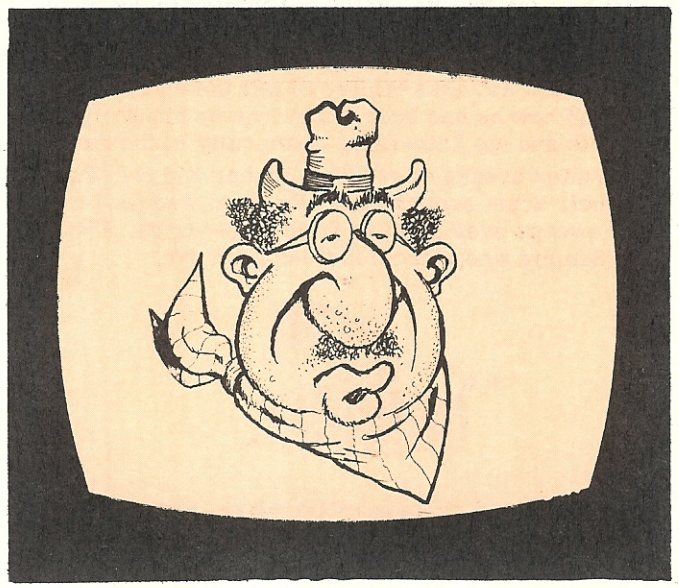
white race. One look at whitey is designed to make you vomit.

Whitey is presented in the worst possible way. You see him picking his nose, spitting in church and using vile language in front of ladies. When Whitey eats in a restaurant, he never closes his mouth and the food keeps dropping out. You get the idea that even a pig eats neater than Whitey. No effort is spared to portray Whitey as a real slob.

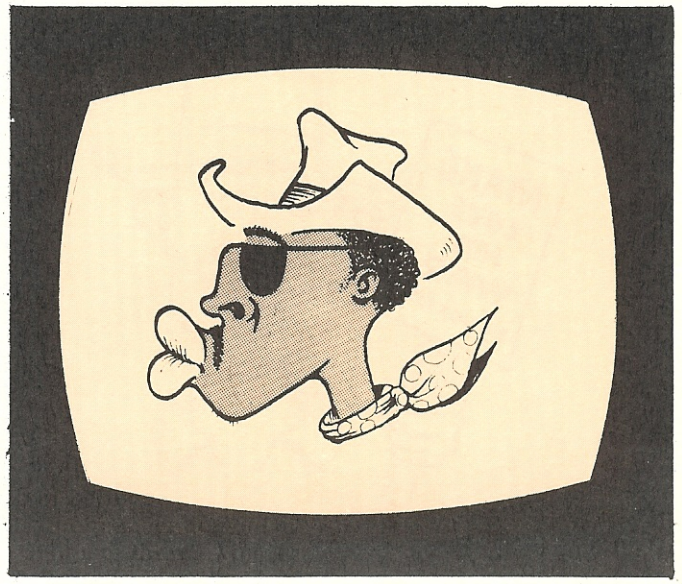
True to his vile nature, Whitey has just kidnapped Little Running Water, a very beautiful and highly virtuous Indian maiden, who is also part Negro.

Whitey demands she submit to his filthy, perverted and lustful advances or he will let the 7:10 express run over her. Whitey hates the inferior colored Indians, but his hatred ends at the bedroom door. Besides being a vile hate-monger, Whitey is also a lousy hypocrite.

At the last possible moment, the wonderful hero of the story, the Kosher Kid and his side-kick, One-Eye Sammy gallop up and confront the evil depraved Whitey.



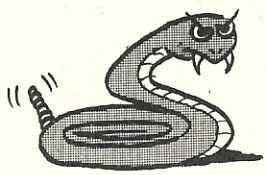
It suddenly turns out that Whitey, who heretofore made loud claim to being a real tough and brave gun-fighter, quickly chickens out and turns yellow in the face of a real showdown. The Kosher Kid, of course, is the personification of a clean-cut, good guy who happens to be Jewish.(he wears a white hat). His side-kick, One-Eye Sammy, was once a culturally deprived drop-out from the big city who managed to rise above



all the racial barriers erected by White People's prejudice and bigotry to fight on the side of Law and order.

The Kosher Kid abhors violence since he is a member in good standing of the "Student Non-Violent Coordinating Committee", but he is soo enraged by what he sees that he challenges Whitey to put up his fists and fight. But, at the last moment, the Kosher Kid refuses to hit the poor, cringing Whitey. Instead, the Kosher Kid asks Whitey to tell the story of his life and how he has been led astray by his prejudiced parents and his hate-filled community in the South.

Whitey breaks down. The Kosher Kid and Whitey put their arms around each other and weep as brotherly love sweeps over them in great, wet waves. Even One-Eye Sammy weeps from his one good eye.



Suddenly, a passing rattle snake, angered by teardrops bouncing off his head, turns and bites Whitey. Whitey screams in agony. Whitey wrenches in pain and wails about how he doesn't want to die. He begs for help. Little Running Water, the virtuous Indian maiden to the rescue! She quickly rips Whitey's pants to the exposed bite, sucks out the poison and then promptly volunteers to give her blood in a transfusion to save the wicked Whitey's life. In spite of all the filthy things Whitey wanted to do to this innocent Indian girl; in spite of his monumental and irrational hatred of Indians and other minorities, the very person he sought to harm now saves his life!!

Love conquers all! Whitey is so overcome with all the love and understanding shown to him by minorities that he decides to clean himself up, stop picking his nose; eat with his mouth closed and begin being polite in the presence of ladies. Whitey is so overcome with brotherly love that he volunteers to join the Kosher Kid and his side-kick, One-Eye Sammy in their fight against bigotry and hate. Whitey is now a "good guy" and wears a white hat. And you should see him now that he is full of "love" and no longer a vile hate-monger. Whitey looks nothing like when you first saw him in the beginning of this story!

Are We "Socialists"?

As I dictate this, Col. Welch, Capt. Patler, Warrant Officer Niles and I are in the camper climbing the Western side of the Rocky Mountains out of Salt Lake City after almost a month of speaking and organizing all over the nation. Our inspiring rallies, meetings and visits (and a battle in Seattle) will be covered elsewhere. This piece is my effort to help some of our ex-"conservatives" understand why Hitler called our movement "National Socialist"--and what we mean by that word Socialist--which has nothing to do with Jewish, Marxist "socialism".

I have been moved to write such a piece by our series of stays at our beautiful National and State parks.

Before I dictate another word, let me make it unmistakeably clear that National Socialism, both in Germany, and our own American brand, believes in FREE ENTERPRISE and PRIVATE PROPERTY. Hitler says in Mein Kampf, "By far the best results in any economy are obtained with maximum freedom". And Nature herself proves this by making the instinct to own and defend "territory" and food one of the strongest drives in almost all creatures. Without the hope of personal reward, neither man nor beast will put forth his maximum effort. And it is only with maximum efforts by each individual that the good of the whole group is advanced. State ownership of private property and state control of a man's personal efforts to win food, shelter and pleasure for himself and his family will ALWAYS reduce the sum total of drive and ingenuity applied by individuals who do not gain anything by working harder or being more ingenious. Thus state ownership of all private property and particularly state control of personal efforts at gain ALWAYS destroys the material basis for a happy society.

ON THE OTHER HAND .....

..... and here comes the hardest thought for most "conservatives" to understand .....

There are many, many things in a society which are the WORSE, not better, if they are "owned" by individuals or private groups of individuals.

To start with an extreme example, suppose your local fire department were "owned" by a local businessman. Suppose, further, that this businessman were also the owner of a business in competition with you. And further, suppose you and he were bitter enemies. Would you want to have to depend on this gentleman to save your business when a fire broke out? And what if you had failed to pay your fire department bill? Perhaps he'd be honorable about putting out your fire--but maybe he wouldn't be.

If this sounds far-fetched, consider Capt Patler's recent experience in Los Angeles. While speaking he was struck in the eye by a rock thrown by someone in the crowd in front of our Los Angeles headquarters in the dark. An ambulance picked him up and rushed him to a hospital. Upon arrival at the emergency room of the El Monte Medical Center, the doctors refused to do a THING for him, until we could get $52.00 over to them!!! We didn't have it, so a collection was rushed among our people, and the money was driven at break-neck speed to the emergency room. And all the while Capt. Patler lay there not knowing whether his eye could be saved or not!

We are not in favor of "socialized medicine" in which doctors cannot make a personal income based on their own genius and drive--but neither can any decent person condone such callous and greedy commercialism in what is supposed to be a highly ethical and noble profession. Fortunately, Captain Patler's eye was not put out, and he is recovering. But the doctors didn't know that, and neither did we, until we could come up with the $52.00 demanded before they would take x-rays or do anything else--even give a tetanus shot.

A much less extreme, but equally impressive example is provided by the experiences which moved me to write this piece.

Anyone who visits and camps in one of the beautiful national or state parks which are plentiful

Rock Fells Nazi at Rally

Eggs, Insults Hit El Monte Gathering

By LEWIS BELL
Tribune Staff Writer

A high-ranking member of the American Nazi Party was injured Friday night when hit in the head with a rock while speaking from the porch of the party's California headquarters in El Monte.

Capt. John Patler, editor of the party's "Stormtrooper" magazine and a traveling companion of George Lincoln Rockwell, head of the militant group, was taken by ambulance to El Monte Medical Center for emergency treatment.

Patler was speaking to a crowd of about 150 spectators outside the fence surrounding the headquarters when hit by the rock. He covered his face with his hands, staggered and plunged over the side of the porch.

Among the sympathizers was a group of eight youths who identified themselves as Downey High School students. There was another small group of middle-age German-speaking persons from Santa Monica.

Earlier in the day El Monte Fire Chief Chalmer Wire inspected the Peck Road house and served notice on Forbes and Rockwell that they would not be allowed to hold a meeting inside the building because it would violate a state fire law.

He said, "Both Forbes and Rockwell assured me that they would comply with the law."

At 8 p.m. when the meeting was due to start, Rockwell emerged from his camper trailer dressed very smartly in a business suit and well groomed for his appearance.

He answered newsmen's questions, said he would not participate in the meeting and went back in his trailer for the rest of the evening.

on our West Coast cannot fail to be impressed by the way commercialism has been kept out of these places and the pristine beauty of Nature preserved precisely BECAUSE there is no profit motive. If this is hard to believe, one has only to visit one of the COMMERCIAL parks to see the difference. Where money is the object, there are neon signs, beer halls, billboards and a general CHEAP atmosphere which is the inevitable result of commercial competition for attention--the drive to outdo competitors to attract customers and thus make money. Even where a businessman might try to maintain high standards of taste and refrain from putting up neon signs, etc., he finds he cannot survive against the inevitable competitor who does not suffer from any such handicap as respect for natural beauty. So wherever money and business is the motivating factor, beauty disappears, as our great commercial cities prove. The only areas in the cities which are not down-right sickening in their gaudy commercialism and tawdry exhibitionism are the PUBLICLY-OWNED parks. Ask yourself if that is not true.

And such parks are "SOCIALLY" owned. So is the fire department. So are your schools. And, thank God, so far, there are a few natural areas left in America in which the government ENFORCES a ban on all commercialism. One of the most beautiful areas we have passed through is the strip of California coast where giant redwoods reach up hundreds of feet into the clouds, the oldest and most magnificent living things on this planet. A Jew named Zellerbach owns a giant paper company, and wherever he and those like him can do so, they are chopping down these mighty giants, some of them thousands of years old and thus utterly irreplaceable!

As much as we all cuss the "Federal Government" (and rightly, in many cases), in the case of preserving the national, natural treasure of these great trees and forests, only the strength of the government, backed by the whole people, has been able to save any of these venerable giants from the greedy axes and saws of Mr. Zellerbach and his ilk who want to make MONEY out of irreplaceable treasures bestowed on us by a bountiful Creator.

These same greedy money-grabbers destroyed millions of buffalo,, destroyed millions of passenger pigeons until today these pigeons are totally extinct. And now the same commercial operators are doing their best to destroy the last precious refuges of bears, wolves and the other great animals which once roamed all over this great nation.

And they will succeed unless they are stopped. There has been a terrific battle in California to save the giant, thousand-year-old redwoods. How can there be a battle on such a matter?

One has only to camp in a big national park to see that the profit motive is not always "good". And millions of Americans are learning that, including many "conservatives". Nevertheless, it is an article of faith with most of the short-sighted right-wing that ALL "socialism" is wicked, evil and destructive, just because JEWISH "socialism"--the socialism of Karl Marx--is wicked, evil and destructive.

Actually there would be nothing wrong and much good with national ownership not only of parks, but all of our major national resources--PROVIDED there were a system of reward and punishment, as in private enterprise, for the individuals managing the national "business" as trustees for the whole people. The trouble with all present "socialistic" operations, including schools, parks, government, etc., is that the men in charge get no immediate and obvious reward for efficiency and good service, nor do they suffer any obvious punishment or lack of reward for poor work and rotten service. A "socialized" doctor, for instance, gets paid whether he helps you or not, whether you live or die, whether you leave his premises in sickness or in health. A free-enterprise doctor knows that if he does not develop a good record of service and success, he will lose money. And so personal reward, and the threat of personal failure and loss pushes people in the free enterprise system.

In such things as schools, police and fire departments, where there is no profit motive, an effort is made to substitute promotion, honor and career success as motivation, but this motivation is too "long range" for those on the lower levels. Often the "civil servant" grows bitter and spoiled in office, and soon feels that he gets exactly the same reward and no punishment, even if he has the snotty attitude that the public is imposing on him in requesting his services.

In private business, there is an immediate and obvious money reward for good service to customers and an immediate and obvious money punishment for poor service to customers. This reward and punishment is precisely the same mechanism Nature uses in promoting successful adaptation in its creatures. The successful animal lives and propagates. The unsuccessful weakens and dies. Which is why free enterprise, in most things, is the best insurance for a successful economy.

But man has organized and developed past the point where Nature's mechanism for insuring successful individuals is always the best system. In Nature, when there is intense organization, there is also at least some degree of what "conservatives" would call "socialism". There is no free competition among ants--not even among wolves. The ants which develop the amazing construction projects for the colony are not rewarded immediately and specially. Ants, and to a lesser degree, wolves

and all other "social" animals, instinctively recognize a higher motivation than individual and personal profit--a "duty" to the group--the social organism.

To "succeed" in civilized society an individual must necessarily sacrifice some immediate gains, pleasures and goals in order to win more distant and eventually rewarding goals. By foregoing a life of dissolution and pure pleasure in his late teens and early twenties, the young man suffers much to study and learn how to be a doctor, a lawyer, etc., so that he may then enjoy a much longer period of the "good things of life", later on.

What the "conservatives" fail to appreciate is that when a society, which is a kind of organism --a social organism--faces existence, it too must choose between naked pursuit of immediate pleasure and profit, and a wise and far-seeing program which will lead to a "good" life for the society over the centuries, just as the doctor sacrifices and studies for a good life later on.

The profit motive simply CANNOT do this wise choosing for the society in things affecting the whole society--because competition forces the individuals to develop maximum commercialization or to perish. Perhaps the man who tries to develop a beautiful and tasteful camp in the forest such as may be found in national parks tries to avoid neon signs and cheap promotion, but he soon finds that he is unable to compete with some crud who is willing to do anything to gather in the shekels. The crud will put up neon signs, cheap "come-ons", tasteless billboards and use every other method to attract customers (and thus money) RIGHT NOW--and to hell with posterity! Posterity has no money to spend today, and will not feed the hungry mouths of the children of a decent man who refuses to compete with the cheap methods of modern commercialism.

And so, in a situation where the good of the society and posterity is pitted against the desire of the individual to make money, the profit motive always forces the total sacrifice of the future good in favor of immediate gain, and no man can compete, alone, in this unfair battle, unless he is willing to get down in the gutter and grub for the buck.

The Jews, Marxists and liberals use this fact to insist that all personal profit and ownership be eliminated, and that the working classes should hate, fight and eventually exterminate the leadership classes, as they have wherever Communism and Marxist, Jewish socialism has won power.

This doctrine is only slightly less insane and suicidal than the conservative position that everything must be done on the basis of the profit motive, with a consequent disregard of the masses of the people.

As usual in human affairs, the ideal does not lie in the extremes of either conservative reactionaries, nor Marxist, socialist destruction of personal incentive and leadership.

The moment man ceases to roam the forest as a predatory individual and organizes for a better life, there develops a great need for social motivation, in addition to personal motivation. Somebody has got to take care for the needs not only of the whole people, but the people to come centuries later--posterity--and there is no profit in that. Unless the society is able to come up with some way of preserving the good of the future, that society becomes like the wastrel who throws away his substance in extreme youth on pure pleasure, and winds up destroying all possibility of a much greater and longer-lasting good the rest of his life.

The latter is precisely what our society is doing today--destroying our resources to make money, careless of the future, polluting our environment with endless tons of poisons just so industry can make money, ignoring the biological development of the human material of our civilization just for the immediate gain of the votes of human trash and the endless other ways our short-sighted leaders, both liberal and conservative, not only ignore but positively wreck all possibility of a great future for our whole people.

Again, let me emphasize that I am not here inveighing against the profit motive for individuals and small businessmen. Hitler said, and I agree, that the profit motive and freedom in the case of the individual and the small businessman is the only practical motive power of a healthy economy and healthy society.

What I am trying to point out is that there are many circumstances when the profit motive, far from helping, actually destroys the society and its people.

These circumstances have two distinguishing characteristics: (1) They always involve the welfare of the whole people and society over a considerable period of time and (2) they cannot be dealt with successfully by individuals or small groups, as in business, but require huge organizations with great geographical and political power, backed by enormous funds, much greater than even the biggest personal fortunes.

The government itself is the prime example of such an organization. Can you conceive of anything more deleterious to society than a government run for profit? As a matter of fact, it is precisely this evil "corruption" which has developed, among many others, in America, from Tammany Hall to the "Great Society", in which devilish demagoguery

is sold to the people for the enrichment of the scoundrels posing as our "leaders". Only a government from which profit has been completely and ruthlessly eliminated can give the social organization and the people wise and honest leadership. And only a leader utterly uninterested in private gain and profit can supply the motive power for such a government--which is exactly what Adolf Hitler and National Socialism did for Germany, and exactly why the Jews, the Rothschilds and their Roosevelt-type toadies and the International Bankers hated Hitler and National Socialism with such a violent passion. Hitler took the profit out of government and out of the profligate exploitation of precious national resources with no regard for the future.

This is what we mean by the "socialism" in "National Socialism".

We recognize the value of private enterprise and profit, and private ownership--for the individual and the small business.

But we also recognize the need of society to protect the future and especially the future citizens from the private greed of individuals and huge combines who exploit the fact that the future and unborn generations cannot contribute to a profit and can therefore be disregarded. That is what is happening in America today, not only with our beautiful forests, our natural resources--but also with our economy, for instance. We are constantly piling more and more debt on the silent heads of unborn children because they cannot vote nor contribute cash to the enrichment of politicians.

The "conservatives" howl about this--but only so far as it interferes with their own chance to profit!

The reactionary type of "conservative" is not really interested in principles and ideals as he claims, but only in the fact that his side had the profits and exploitation all sewed up and in the bag, and now a gang of slicksters, Jews, niggers, "socialists" and assorted cruds have found a demagogic scheme to get their hands on the cash in the name of "New Deal", "Fair Deal", "New Frontier", "Great Society", etc.

Of the two, the reactionary "conservatives" are preferable, because at least these gave the individual some chance to rise up and join in the gravy feast, even if the chance is mostly a delicious illusion to keep the "peasants" from rising up. But the other extreme, the Marxist socialists (the Jews), use naked force (Communism) to insure that their commisars get all the loot.

But both of these extremes are viciously wrong in the way they literally murder the future for present gain. National Socialism alone, of all political and economic doctrines, sees the need for both private gain and ownership in most human affairs, with national ownership and management where the good of the whole society and especially future generations are concerned.

Surely, any reader will see the good sense and honest reasoning in our pointing out the value of national care for such things as our irreplaceable national forests, particularly the giant, thousand-year-old redwoods, etc.

It is perhaps a little more difficult to see the good sense and honest reasoning of National Socialism in insisting that the advancement and well-being of the whole people takes precedence over the private gain of any individual or business. The individual is NOT as important as the well-being and survival of the whole people. The reactionary "conservatives" try to make that a "dirty" thought proving that the man who dares utter it is a "Red" and some kind of "radical". But actually, our whole society is firmly based on that principle. No individual is allowed to do as he pleases when the rest of society considers that he is threatening it. That is the very foundation of our system of criminal law. You are not free to sell poisoned candy to kids--and who will say you should be? You are not free to drive on the highways drunk--or even without the formal permission of society, called a "license". In some cases, some states have even gone so far as to resort to sterilization of certain individuals. And in every state, individuals considered dangerous to society are either locked up in prisons or in lunatic asylums. In a submarine, when one compartment is flooding, navy doctrine calls for the immediate sealing off of that compartment with full knowledge that the occupants will drown, because it is more important for the rest of the individuals to survive, even at the expense of the few.

The principle that the good of the whole often demands the sacrifice of the individual permeates every moment of our national lives, yet the reactionary "conservatives" are so jealous of their "right" to make a buck, even at the expense of unborn millions, that they have made a disgusting article of faith of the utterly immoral and untenable claim that the individual is the SUPREME good in this universe, and that anything which interferes with or attempts to control this individual in his search for profit is "socialism" and therefore pure hell invented by the devil himself.

Well we National Socialists are all for the individual and small businessman making all the profit he legitimately can, because we know that, in the process, he will PRODUCE, he will add to, not subtract from, the total good of all of us, and rarely injure the welfare of unborn children.

On the other hand, we despise, detest and deplore the sort of operations exemplified by the Rockefellers and many of the other big national "corporations" which most definitely DO destroy the future not only of America, but literally MURDER millions of unborn, White, Christian kids who will never be born, or who will be driven to filthy lives of degeneracy and crime in industry-ridden cities by the greedy and immoral profit-squeezing of such as the giant paper companies who make deserts out of hundreds of square miles of giant redwood forests, for instance, to make tons of paper to print filthy, pornographic, race-mixing literature--and even toilet paper!

The ridiculous thing is that the same reactionary conservatives who will recite the littany of "the individual and profit are supreme" for the protection of such as the Zellerbachs and the Rockefellers, will, in the same breath, curse the Rockefellers and Zellerbachs and international bankers and all they stand for.

The trouble is that most "conservatives" have not yet perceived the enormous difference between production and legalized robbery and between individual or family business, and the giant, international, mostly Jew-owned or dominated power combines like the Rockefellers.

There is never anything wrong with making a profit on PRODUCTION. When you add to the sum of human goods and services with something which does not injure either the living or the unborn, you promote not only society--but your own welfare, and you deserve all the profit you can earn.

But when you make a profit selling filthy "pocketbooks" to our kids, you deserve nothing but punishment and elimination from the society you help destroy. When you make a profit by getting a huge monopoly on bread, milk or some other human necessity, and then you GOUGE your fellow citizens for all you can because they are helpless, and you are willing to let people starve or die, then society has the right to get RID of you. And when you make a profit by doing exactly what people do at the gambling tables in Las Vegas--by SPECULATING in the labor of others, without any real interest in the PRODUCTION, then regardless of rationalizations, that profit is immoral and destructive of the society. Where one man can live in luxury without working while another must struggle bitterly for a living, which then becomes a "chip" on a gambling table for speculators, it is only a question of time before the honor and value of work itself begin to be questioned and finally abandoned, as they are in our "get-rich-quick" society today. As Henry Ford pointed out, the old-fashioned American idea was to "make money" by producing--but speculation and Jewish economic swindling and Marxist socialism has now perverted that noble and productive idea of working to "make money" into doing ANYTHING to "GET money".

Henry Ford's sad story is the story of American free enterprise which has been perverted first into speculative "capitalism" by the Jews, and finally into pure robbery of tax-payers by the Jewish, marxist dominated government.

Henry Ford once had a FAMILY enterprise, and he and his family RAN it like a big family, and it was good and successful and produced a miracle for America. Then the JEWS (more particularly Sidney Weinberg) got hold of this giant power, and every "conservative" knows what the power of the Ford Foundation and the Ford billions is doing to our country. We are told that this is a PRIVATE enterprise. Like hell! It WAS a "private enterprise" when old Henry had it, but it is now like the Federal Reserve--a quasi-government giant of power--in the hands of those who don't give a damn for America or our people--and, in fact, seek the ruination of everything great in this country.

The fiction of the stock market is that "America owns industry". This fiction is promoted by selling retired school teachers and widows, etc., a few shares of stock, and then convincing them that they "own" and control the giant corporations on the big board.

Even a cursory study of the statistics of WHO "owns" the giant corporations will show that mastery of all this power and profit is not in the hands of the widows and little people with a few hundred shares, but the monstrous combines on Wall Street, the mutual funds, insurance companies, holding companies, etc., which are actually in a partnership with the Red government of our country. Look at Rockefeller. Look at Ford. Zellerbach. Carnegie--you name it!

And when you examine the nature of these giant corporations which actually own and control American business, you discover that there is almost no difference between them and the giant government organizations, except that the profit goes into the hands of the controllers, rather than the politicians.

In America today, there are three "teams" of giant organizations battling over the loot produced by the labor and genius of America: big government, big business and big labor. These monstrous combines ALLOW some small private business, but whenever any source of big money, be it business, labor or political racketeering, appears really juicy, the sharks of business, government and labor grab it up and to hell with the little guy, the old-fashioned American enterpriser

who actually built our country. Government moves in with its tax collectors and regulatory "bureaus". Labor moves in with its extortionist unions. And business moves in with giant pools of corporate funds against which the small businessman simply cannot compete.

This is not "free enterprise" as our forefathers knew it, and as decent Americans advocate it. This is CAPITALIST GANGSTERISM. It is the use of overwhelming power and overwhelming money to extort huge sums of cash for the masters of business, labor and government.

The phoney politics of "liberal" versus "conservative" such as between Walter Reuther and Barry Goldwater is not a real battle of ideals, principles and philosophies, but the old-fashioned scramble between different gangs for power and pelf, and to hell with the people, the country and especially to hell with the RACE--with the innocent unborn who will either remain unborn, or be born part Negro, part Chinese or part anything else, so long only as either Mr. Goldwater can keep his department store and his stock, Mr. Reuther can keep milking his union members, while Mr. Johnson keeps milking the citizens at large.

National Socialism unashamedly declares that it is deeply concerned, not with profits and immediate successes, but with insuring a FUTURE and grander kind of success for our PEOPLE.

When profits help produce a productive society and happy people, then we are for profits. But when profits make deserts of ancient forests, when profits pollute our water, when profits pollute and poison our air with smog, when profits pollute and poison the minds of our kids with pornography, when speculative profits place unlimited power in the hands of Zionist and/or Communist Jews like Sidney Weinberg, Bernard Baruch, Jacob Schiff, and all the rest, when unearned, speculative profits create disdain for honest, old-fashioned TOIL and WORK among our good people, when profits determine whether or not an emergency patient will be treated or allowed to die or become crippled, when profits make nightmarish neon-alleys of our main streets, when profits make degenerate cesspools of our cities and industrial areas, when profits interfere, in short, with the survival and advancement of our whole people, then to HELL with profits.

But who is to determine when profits are productive and moral, and when they are speculative, degenerating and immoral?

The usual answer is that it is impossible to make such a determination, and that the very nature of the determination is immoral.

But it was DONE in Germany. Most people forget that the Krupps and other large industrialists KEPT their businesses and property all during the Hitler years, and it was the JEWS AFTER the war who dispossessed the property-owners of Germany, and are continuing to do so.

Germany's system of permitting productive and moral free enterprise while prohibiting immoral and poisonous profits WORKED. It produced fantastic prosperity, which is why the Jews moved heaven and earth to destroy it before the rest of the non-Jewish world copied the German system of wholesome free enterprise in private affairs, and wholesome national control in affairs of the whole people.

Admittedly, there were injustices. In such a large operation, it is inevitable that any system will be imperfect. So is our present system of justice in America, which often imprisons and even executes innocent people. But who would abandon or destroy our police and courts because they sometimes err?

It is the same with "policing" the economy of a nation.

We need a code of economic conduct, just as there is a code of social conduct, whereby whatever financial operation affects the whole people cannot become a monopoly in the hands of any individual or private group, and whatever profit-taking DESTROYS or tends to destroy the nation and especially the future of the race, is prohibited and punished.

Such a code is "National Socialism"--the control of the nation's destiny, not by greedy politicians, union gangsters, or Rockefeller billionaires and speculators--but by the NATION, by the people. National Socialism denies the reactionary attempt to put down the lower classes, and it equally opposes the Marxist-socialist attempt to put down the upper classes.

National Socialism is a return to NATURAL government, the organization of the SOCIETY for the benefit of the NATION--thus "National Socialism".

Under a "National Socialist" Government, labor cannot browbeat and destroy a productive industry, as now happens in America, because National Socialism, recognizes the absolute need in modern society for productive and efficient industry,

NOTICE!

This issue of the Rockwell Report is a combined issue for May and June.

and therefore allows such productive industry whatever rights it needs to PRODUCE--which includes the right to manage its employees without gangster interference by labor goons.

Under a National Socialist government, monstrous pools of international capital such as the Rockefellers, the Fords, etc., cannot sponsor leftist, race-mixing and destructive programs designed to mongrelize the people and turn them into docile, industrial zombies (as is now going on in America) because National Socialism recognizes the utter necessity of a healthy, vigorous and independent people of GOOD RACE--if the nation is to be healthy, and will not tolerate "capitalist" bullying with money.

And under a National Socialist government, gangster politicians cannot tax the people to death in the name of "progress", as is now going on in America, because National Socialism insists first on LEADERSHIP before politics, and such immoral, scheming demagogues as a Roosevelt, a Johnson or a Kennedy simply cannot get so much as STARTED up the ladder of leadership, when the tools of demagoguery and vote-swindling are denied them.

ONLY the strength of National Socialism can put a stop to men like Walter Reuther and his labor gangsterism.

ONLY the strength of National Socialism can put a stop to the predatory and immoral power of monstrous money such as is wielded by the Rockefellers and their Jew administrators like Anna Rosenberg.

ONLY the strength of National Socialism can save our beautiful forests, our streams, lakes, rivers and seas from those who poison them for profit.

ONLY the strength of National Socialism can save our unborn children from being born part Negro, part Jewish, part Chinese or just plain part idiots.

Only National Socialism, in short, can strike, at last, a proper and reasonable balance between the precious good of individual liberty and the equally precious good of the whole people and future generations.

Predatory, Zionist Capitalism, with its speculation, immoral exploitation of our good people, and its even worse exploitation of everything worst in human nature for profit is the evil now killing American society and especially killing our WHITE race. It is NOT "free enterprise", but economic gangsterism.

Bloody, terrorist Communism, just as Jewish as Zionist Capitalism, is out to seize not only our property, but our people as well, by naked force, with a path broken by subversion, perversion and deception. It has infected the ranks of labor, turning the basic good of labor unionism into a tool for terrorism and conquest by Jews and Communists.

And the more subtle terrorism of Big Government, masked in a phony paternalism, but manifested in the naked seizures of cash and property by our Jewish tax-collector, Sheldon Cohen, is just as evil as Big Capitalism and Big Communism.

Note that each one of these evils has nothing to do with any ideal whatever, regardless of the way all three monstrosities try to cloak their depredations as "individual liberty" (capitalist-Zionist-money-gangsterism), "welfare state" (government gangsterism) or "worker's paradise" (Communism and labor gangsterism).

The three immoral titans of the twentieth century, reactionary gangsterism, labor gangsterism, and government gangsterism are like three giant wolves tearing up the carcass of bleeding, Western, Christian civilization.

National Socialism puts an end to the destructive warfare between classes, geographical areas, religions and other groups in a nation, and insists that people behave as a loving FAMILY, with each member realizing that only when the whole family is healthy and happy can the individual members of the family also be happy.

Our society today, literally blowing apart in a social, economic, religious, political and racial explosion, is like a family in which each member sees his own good only in the ruination of one or all of the other members. Zionist, reactionary capitalism is like a father who works his wife and kids to death to get money for his own pleasure. Communist labor-gangsterism is like a bunch of teen-age kids in a family terrorizing the rest of the members and extorting the family car, all the cash and endless "privileges" by naked force and fear. And the disguised Marxist, Social Democracy we now have in America and all the Jew-dominated "Western" nations is like a grandfather who takes over the whole family with sweet promises of what he is leaving in his will, and then drives the whole family to distraction with his tyranny.

National Socialism insists that the family, --and the nation, --can be happy and healthy only when each individual does his part and his DUTY to make a complete and whole FAMILY, rather than a herd of competing and envious individuals out to climb up on each other's backs.

What destroys a family --destroys a nation.

American Nazi 'Leader' Speaks in Seattle

George Lincoln Rockwell, who calls himself the leader of the American Nazi Party, spoke from a platform atop his camper truck yesterday in the Westlake Mall. An assistant was on a platform below him. A Monorail train rumbled overhead. Although Rockwell had said earlier he would not tear up Viet-Cong flags displayed by demonstrators, he did destroy such a banner held up by a heckler.

Gambling destroys a family. So does speculative, Zionist, reactionary capitalism destroy a nation, as the Jewish money power is destroying the "Western" nations.

A greedy father or grandfather will also destroy a family by working and hounding it to death. So does Big (Marxist) Government destroy a nation, as America is being destroyed by the demagogic, Jew-tyrannized Social Democracy we now have under such names as "New Deal" and "Great Society".

And a mob of brutal, undisciplined kids and teen-agers who tyrannize over the rest of the family will destroy it, just as America is being destroyed by labor-gangsterism, nigger gangsterism, communist gangsterism and just PLAIN, criminal gangsterism.

The solution to our problems is not more "individual liberty", as the reactionary conservatives prate, when society is literally disintegrating from TOO MUCH "individual freedom" as you can see in the street mobs, the disregard of society in favor of criminal individuals in our courts and even in our "art", which is graphic RIOTING and disorder by individuals all "expressing" themselves.

The solution is not more "rights" for labor gangsterism, because the labor bosses have turned the original, righteous labor movement into a gang of EXTORTIONISTS, and they have already won such a proliferation of unfair rights that productive industry is staggering.

Nor is the solution more government and laws, when the government no longer has any real interest in the whole nation, but only for "minority" groups which can deliver bloc votes.

The solution is the same as it would be for a family sick of the tyranny of a grandfather promising pie in the sky when he dies, --to stop being so damned crazy about money that the family will put up with anything in hopes of getting it.

The solution is the same as a family being terrorized by its own teen-agers, -discipline and sober government for those unable to govern themselves yet.

The solution is the same as a family being ruined by a greedy and short-sighted drunken father, -more loving concern for the WHOLE FAMILY instead of everybody being worked to death for the good of one (or a few).

Precisely these solutions are grouped together in the doctrine, the faith and the ideal of "NATIONAL SOCIALISM".

It has taken me pages to say this.

Hitler put it much more simply.

He said, "The public good before the private good"

But I hope my long explanation has helped some of our people understand why our movement is called "National SOCIALISM", yet we violently oppose all the socialism being advocated by the Jews, Marxists, communists and liberal half-wits.

Their "socialism" is the politics of envy and hatred, and a desire of one group, (the lower classes) to gain by destroying the upper classes.

Our "socialism" is nothing more than the love of ALL our people, upper and lower, North and South, Catholic and Protestant, etc, --so long as they are part of our WHITE FAMILY OF PEOPLE. National Socialism preaches that we can be happy as individuals only when we love and protect our WHOLE FAMILY of people, never by one part of the family fighting and destroying another part, as we are now doing.

The White Family of People

By Capt. John Patler

What do we National Socialists mean when we say we are fighting for the "White Family of People"? By this we mean we are fighting for the survival and future happiness of all the White People of the world. Our ultimate goal is to unite all of the White Peoples of the earth into one harmonious community of People. We envision a White World, where all White People will live together and work together as brothers and sisters. We view this goal of White solidarity as a requisite to the survival and future perpetuation of the White Peoples as a race.

Since the dawn of history, White People have divided themselves on the basis of "religion", "national origin" and "class". White People have slaughtered other White People in suicidal wars of nationalism. Over and over we engage in wars, White Brother against White Brother, decimating our numbers until today, White People have become the MINORITY race on earth! For every White person alive on earth today, there are SEVEN non-whites (Negro, Chinese, Indian, etc.,). Yet, this tiny minority of people, our White Family of People, have contributed more to the world than any other race. Other races have contributed and have also built civilizations. But, no other race has been able to equal, much less surpass, the performance and accomplishments of the White Family of People. We National Socialists believe that White People are the most gifted people on earth and that anyone or anything that treatens the existence of our Family must be ruthlessly crushed in self-defense.

To the National Socialist revolutionary, ALL White men and women are BROTHERS and SISTERS! It makes No difference if a White man comes from "Southern" Europe or "Northern" Europe. It does not matter to us that one White man is a blond "Nordic" or a brunette "Mediterranean" or an "Alpine". It makes no difference to National Socialists that one White man is an "Italian" or an "Irishman", a "Spaniard" or an "Englishman", a "Greek" or a "German". It does not matter what language another White man speaks; it matters not what his religion is; whether or not he is "rich" or "poor", a manual worker or an office worker. What matters is that every White man and every White woman in the world is our brother and our sister whom we identify as members of the same family.

Our struggle then, is not being waged for the exclusive benefit of any single group within the White race such as the "Germanic" people or the "Anglo Saxons"; and it is not a struggle for "Aryanism" (a term that isolates a segment of the White race and alienates the remainder). it is a struggle for the benefit of ALL the White Peoples of the world.

As living space and food sources become increasingly scarce in a world of population explosions, the numerically superior colored masses will become a deadly threat to the future existence of all White People everywhere. But, an equally dangerous but far more immediate threat to our survival is the lack of unity among our own people. We

are divided into a million different and opposing factions, each fighting the other. WHITE UNITY NOW must become the clarion call of the National Socialist revolution. The inevitability of world-wide race war between the White Peoples and the colored masses will soon enough demonstrate the superficiality of the man-made "differences" that have divided White People for centuries.

White People of the world must unite or perish. The hour of our race is at hand, and this will be our last chance. Either we unite and set aside our "differences", or allow ourselves to disappear from the face of the planet. The curtain is about to rise on the last act. TOTAL race war is approaching.

In the coming world-wide race war, the White color of your skin will be your "uniform" in the White People's "army". The color (or race) of a man will place him on the side of either the White masses or the colored masses. When race war strikes, each side will judge its enemy solely by color and by race! There will be no middle ground. The colored masses will not stop to differentiate between a White "liberal" or a White "Nazi". The colored masses will not see a "Nordic" or a "Mediterranean"; they will not see an "Italian" or an "Irishman". The colored enemy will not even concern itself with the "religious","political" or "class" differences between White People. All that the colored mass will see is their hated enemy...ALL White People.

Therefore, it becomes the duty of every National Socialist revolutionary Comrade to battle for WHITE UNITY and to be on guard against the slightest hint of deviationism or opposition to White solidarity. All deviationism to the Party line of total White unity must be ruthlessly attacked and squelched!

Here in America, with its millions of White People from all parts of Europe, working and living together and fighting together against a common enemy, we are provided with the ideal opportunity and circumstances for the first step forward to eventual world-wide racial unity between all the members of the White Family of People.

The path to victory for the White People's revolution will be difficult. But at its end stands the goal of true and everlasting freedom and peace.
